Master's graduate focused on **data, product, and generative AI**, with a background in development and UX. Blends technical expertise, attention to detail, and cross-functional collaboration to deliver reliable solutions that enable business objectives.

EDUCATION

Master of Information Systems Management

Apr 2026

Emphasis in Data Engineering and Business Intelligence

Brigham Young University - Marriott School of Business, Provo, UT

- Specialized Courses: Artificial Intelligence and Agentic Systems, Data Engineering, Data Science, Cloud Engineering and DevOps
- Organizations: AI in Business Society, Association for Information Systems, Product Management Association

Bachelor of Science in Information Systems, Minor in Family Life

Apr 2023

STEM-Designated Technical Program

Brigham Young University - Marriott School of Business, Provo, UT

- Organizations: Association for Information Systems, BYU Product Society, UX Design Association
- GPA 3.79 (Major GPA 3.82)

TECHNICAL SKILLS

Generative AI & LLMs: LangChain, agentic development, Cursor, prompt engineering (foundational models)

Data & BI: Python, dbt, R (Tidyverse), Snowflake, SQL, scikit-learn, Pandas, dimensional modeling, Tableau, Power BI, NoSQL, MySQL, EDA, ELT/ETL, Excel

Development: JavaScript, APIs, C#, HTML, CSS, React, Swift, .NET, Docker, Git, Linux

Cloud & Infrastructure: AWS (EC2, S3, VPC, IAM, RDS, Lambda, DynamoDB, CloudFront, CodePipeline), Terraform

Project Experience:

- Built processing pipeline for 6.7M+ words of transcript data (Python, Regex), enabling AI-ready context ingestion (2026)
- Delivered growth recommendations for an AI B2B company, earning "Best of Room" in BYU Marriott Case Competition (2025)
- Partnered with local business to design and test agentic AI systems, resolving workflow and efficiency friction (2025)

EXPERIENCE

Data & Systems Teaching Assistant

Sep 2025 - Dec 2025

BYU Marriott Department of Information Systems, Provo, UT

- Taught core concepts for 50+ students in TA labs and exam reviews (Excel statistics, Tableau, data lifecycle/quality, flowcharts)
- Debugged SQL, VBA, HTML/CSS, Excel, and Tableau issues; resolved students' technical issues and grading inquiries

UX & Web Developer

Aug 2024 - May 2025

The LTN Foundation (Non-profit), Orem, UT

- Designed and normalized relational database (Supabase/PostgreSQL) for secure user authentication and dynamic content delivery
- Built a responsive website (React, JavaScript, HTML/CSS) for UX and accessibility
- Collaborated cross-functionally to clarify goals and assumptions and translate research into actionable product decisions

Web Development Intern

Apr 2024 - Sep 2024

OCSC (Early-stage Startup), Bountiful, UT

- Delivered 20+ production-ready features (React, JavaScript, HTML/CSS) to expand functionality of a SaaS marketplace web app
- Implemented authentication and CRUD functionality, strengthening usability and supporting business growth
- Collaborated in Agile team meetings, consistently meeting deadlines and contributing to technical and product decisions

Contemporary Dance Accompanist

Apr 2019 - Apr 2023

BYU Department of Dance, Provo, UT

- Delivered live music for 15 to 75 dancers using music technology and 13 instruments to support seamless instruction
- Fostered strong partnerships by adapting to the schedules and styles of 11 instructors and reciprocally mentoring 6 peer musicians

Consulting Intern

Sep 2022 - Dec 2022

The Church of Jesus Christ of Latter-day Saints - Social Impact Project, Salt Lake City, UT

- Identified data source constraints for a humanitarian crisis response tool, translating limitations into actionable recommendations
- Coordinated cross-discipline team efforts (Trello) to synthesize and deliver strategic recommendations to stakeholders
- Designed and presented a prototype (Esri, ArcGIS) to demonstrate principles and proposed features for implementation

Web Development Teaching Assistant

Aug 2021 - Dec 2021

BYU Marriott Department of Information Systems, Provo, UT

- Facilitated review sessions and addressed questions for 60 students about OOP, Python, PostgreSQL, MVC, CSS, HTML, Django

OTHER ACHIEVEMENTS

Service: Volunteer Representative for The Church of Jesus Christ of Latter-day Saints, Albuquerque, NM - 2016 - 2018

Awards: BYU IS Alumni Choice Award for Integrity in Action (2023), BYU Concert Choir, Eagle Scout (2015)

Interests: hiking, analytical reading, deep conversation, ideation, music production, bouldering
